

Nail Plates

- Versatile timber to timber connector used to strengthen joints for non structural applications
- Automated construction ensures uniform hole positions
- Fix using square twist nails
- Made from galvanised mild steel

Code	Size	Finish	Box Quantity
RZNP085175	85mm x 175mm	Galvanised	10

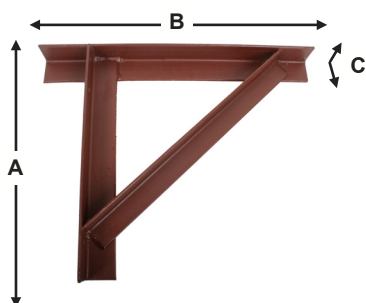

Fixing Bands

- Versatile multi-purpose fixing band
- Can be used for many fixing jobs with up to 6mm diameter nails, screws or bolts
- Galvanised for corrosion resistance

Code	Size	Finish	Roll Length
RFBZ10201	20mm x 1mm	Galvanised	10 Metres

Gallows Brackets

- Heavy duty red oxide coated brackets often used for supporting chimneys after the removal of the chimney breast
- Bolt to the wall with masonry fixings within the loft area of the house
- The 'hook' is designed to be embedded in the brickwork for additional fixing strength
- Upright predrilled with 12mm holes

Code	Height (A)	Projection (B)	Angle (C)	Material Thickness	Finish	Pairs Per Pack
RBGG045	380mm	490mm	50mm x 50mm	5mm	Red Oxide	1
RBGG049	380mm	490mm	75mm x 75mm	6mm	Red Oxide	1

Wall Multi-Starter Kits

- Ties in new masonry walls from 60mm to 250mm wide and up to 3 storeys high
- Each pack will start a wall up to 2.4m high including all necessary fixings - the packs contain 2 x 1200mm sections which can be fixed independently, or cut to a required length
- The wall ties clip to any position, eliminating any problems with matching brickwork courses
- Manufactured from stainless steel for ultimate corrosion resistance

Code	Description	Finish	Box Quantity
RWSKS	2.4 Metres per pack	Stainless Steel	10
